Index to authors and subjects

January–June 1982 (Volume 144)

Authors

Armstrong, Donn, and Horton, Colin, Feed management for flushing: don't miss profitable opportunities. Feb 30.

Barnett, Justin, Oat husks key to tractor manufacture. May 28.
Barr, Steve and Sims, Ralph, How to win a tractor pulling competition. May 31.
Batey, Maurice, Everest, Philip, Gerard, Rob, MacIntosh, Stuart, Scales, Gerald, The weaning to tupping period: it's "wage bargaining" time. Jan 28.
Bigham, Dr M.L. and Cockrem, Dr F.R., Feral sheep: have they any value? Mar 3.
Bird, Matthew, Scientific gnashing of teeth (measuring wearability of teeth). Feb 4; Superphosphate manufacturers on top of quality problem. Mar 15; Fine homestead for half normal price. Mar 22; New surface cultivator is a mass of innovation. Mar 32; How to avoid anthelmintic resistance. Apr 20; Award winning idea is no gimmick. May 3; Stability is main claim for Same's new one. May 27; New tractor range is full of refinements. May 33; Boysenberry troubles just teething troubles. May 44.

Callow, Claire and Smith, Craig, Sheeplan's breeding values: what are they? Jan 25; How to select Sheeplan rams. Jan 27.
Ch'ang, T.S., Kiwifruit: the Chinese way. Apr 18.
Cockrem, Dr F.R. and Bigham, Dr M.L., Feral sheep: have they any value? Mar 3.
Cornforth, Dr Ian, The behaviour of phosphate. Mar 11.
Coupe, Michael, Patience pays off for Romney breeders. Apr 3.

Dalton, Dr Clive, Scientists get their teeth into teeth (research on sheeps' teeth) Feb 2; NZ Friesians look good in Poland. Mar 20.
Dalton, Dr Clive, and Hall, David, What's the best sire for dairy beef? Mar 8.
du Faur, Ralph, Stocking rate key to dairy farm profits. May 48; How to manage a heavily stocked dairy farm. Jun 24.
Edmeades, Doug, O'Connor, Mike, Smith, Garth, Smith, Gray, Stantiall, John, Sulphur and lime: not every farmer's answer. Jan 18.
Everest, Philip, Batey, Maurice, Gerard, Rob, MacIntosh, Stuart, Scales, Gerald, The weaning to tupping period: it's "wage bargaining" time. Jan 28.

French, Ray and Savage, Martin, Chemical control of porina: how to assess the need. Feb 28.

Gabites, Porter and Partners, Reply to criticism of Oroua County Survey. Feb 39.
Gerard, Rob, Batey, Maurice, Everest, Philip, MacIntosh, Stuart, Scales, Gerald, The weaning to tupping period: it's "wage bargaining" time. Jan 28.
Gregorie, David, Lonely toil creates farms from wilderness. Apr 35.
Griffin, Richard, Post-election bloodletting. Jan 7; An assessment of SMPs. Feb 34; Rationalising Government agencies. Mar 40; Turbulent session coming up. Apr 37; Moyle predicts bankruptcy. May 34; MAF's information dissemination. Jun 48.

Hall, David, Guide to selecting a motorbike. Jun 15; Maintenance techniques for farm bikes. Jun 15; Safety hints for farm bikes. Jun 16.
Hall, David and Dalton, Dr Clive, What's the best sire for dairy beef? Mar 8.
Holmes, Anthony, Build your own motorbike trailer. Jun 20.
Holmes, Nicola, Herbs by trial and error. Jan 18; "Fresh" approach to raspberry exports. Feb 11; There's lots involved in homestead planning. Mar 25; Asparagus roots trained for faster, more robust growth. Mar 30; Land clearing: for one farmer, it's almost a way of life. Apr 31; Controls recommended for stripe rust on wheat. May 22; Making the most of overseas travel opportunities: Under-Secretary tells how. Jun 4; Honey dew: an export item that comes from the bush. Jun 28; Lifting hives made easy. Jun 29; The cost of getting established in walnuts. Jun 33; What are the prospects. Jun 35; Advances in MAF's soil testing services. Jun 47.
Horton, Colin and Armstrong, Donn, Feed management for flushing: don't miss profitable opportunities. Feb 30.

Jones, Peter, Tractors for small farmers. Jan 33.

Kneebone, John, The inequities of 1982. Jan 23; Human habit and motivation dictate success. Feb 26; Urbanisation and too much welfare: or, how to destroy initiative. Mar 37; A segregated New Zealand. Apr 38; Beef or dairy farmers—you can tell us apart. May 40; Call yourself a peasant. Jun 43.

Little, Heather, European approach to problems of rural living. Feb 36; Success for Scotland's craft industry. Mar 42; Take me to your leader. Apr 41; Drought is more than a physical battle. May 52; The need for another Agrow campaign. June 50.
Lynch, Mike, Diesel price predictions boost rapeseed ideal. Feb 7.
Lynn, Jill, A breed of seaweed eaters (Orkney Island sheep). Mar 4.

McArthur, Dr Alastair, A better agricultural policy. Jan 30; Indexed mortgages. Feb 25; Sutch an economy. Mar 35; Nutritional critics of the dairy industry. Apr 43; More countervailing power needed in the freezing industry. May 21; Advisory service charge could be counter-productive. Jun 40.
McEwan, Dr Martin and Vizer, Ken, New spring wheat cultivar is a Southland special. May 23.
MacIntosh, Stuart, Batey, Maurice, Everest, Philip, Gerard, Rob, Scales, Gerald, The weaning to tupping period: it's "wage bargaining" time. Jan 28.
Malcolm, Bill, Mechanical lifter for broom and gorse control. Apr 34.
Milligan, Keith, Drenching adult sheep: is it worthwhile? May 18.

Nelson, Peter, "Live wire" controls for vertebrate pests. Feb 18.

O'Connor, Mike and Smith, Garth, MAF scientists question new bloat findings. May 37.
O'Connor, Mike, Edmeades, Doug, Smith, Garth, Smith, Gray, Stantiall, John, Sulphur and lime: not every farmer's answer. Jan 18.
Owen, Eddie, Electric blanket for piglets. Apr 15.

Peake, Freda, Researchers recommend a new, preventive drenching programme. Apr 24; Farming tours: they have a lot to offer. Jun 7; Off the beaten track, there are many travel options. Jun 11.
Pos, Hans, Hand-milking the house cow. Apr 46.

Quin, Dr Bert, Scientist defends his superphosphate quality story. May 46.

Rajan, Dr Sunder and Saunders, Dr Bill, Rock phosphate: the pros and cons. Mar 11.
Riddell, Bob, Controlled grazing systems: not just another name for rotational grazing. Feb 32.
Robinson, Mike, The ideal woolshed: minimum cost and maximum use. Apr 11.

Saunders, Dr Bill and Rajan, Dr Sunder, Rock phosphate: the pros and cons. Mar 11.
Savage, Martin and French, Ray, Chemical control of porina: how to assess the need. Feb 28.
Scales, Gerald, Batey, Maurice, Everest, Philip, Gerard, Rob, MacIntosh, Stuart, The weaning to tupping period: it's "wage bargaining" time. Jan 28.
Sims, Ralph and Barr, Steve, How to win a tractor pulling competition. May 31.
"Smallfarmer", We can learn from this man's enterprise. Jan 31; Raising bobby calves for profit. Mar 46; Finance and tax tactics. May 50; Techniques for raising ducks. Jun 36.
Smith, Craig and Callow, Claire, Sheeplan's breeding values: what are they? Jan 25; How to select Sheeplan rams. Jan 27.
Smith, Garth and O'Connor, Mike, MAF scientists question new bloat findings. May 37.
Smith, Garth, Edmeades, Doug, O'Connor, Mike, Smith, Gray, Stantiall, John, Sulphur and lime: not every farmer's answer. Jan 18.
Smith, Gray, Edmeades, Doug, O'Connor, Mike, Smith, Garth, Stantiall, John, Sulphur and lime: not every farmer's answer. Jan 18.
Stantiall, John, Edmeades, Doug, O'Connor, Mike, Smith, Garth, Smith, Gray, Sulphur and lime: not every farmer's answer. Jan 18.

Trim, Peter, High breeding index cows: they're in a class of their own. Apr 28.
Turner, Dr Max, Bloat findings questioned and Massey scientist replies. May 37.

Vizer, Ken and McEwan, Dr Martin, New spring wheat cultivar is a Southland special, May 23.

Withell, B, Answers to questions most commonly asked about electric fencing, Feb 15; Wintering: now the easiest part of farming, May 42.

Subject

Advertising award, won by agricultural advertisement (News Brief), Jun 55.
African grasses availability (Letter), Apr 42.
Agricultural Fieldays: Information on competitions, Mar 6; What's on and when, May 6; Ruakura conference programme, May 6; Equipment award entries, May 8; Australian National Field Days (News Brief), May 56.
Ag People: Jan 44; Feb 41; Mar 45; Apr 44; May 54; Jun 59.
Ag Products: Jan 37; Feb 44; Mar 44; Apr 50; May 58; Jun 51.
Anthelmintics: How to avoid resistance, Apr 20; Resistance not yet serious in NZ, Apr 20; New preventive drenching routine, Apr 24; Is it worth drenching adult sheep? May 18.
Asparagus: Seedlings grown in root trainers, Mar 30.
Australian field days (News Brief), May 56.

Babaco: Exports (News Brief), Apr 48.
Barley: Chemical boosts yield (News Brief), Jun 55.
Bee keeping: Honey dew production from Canterbury beech forest, Jun 28; Remote control crane for lifting bee hives, Jun 29.
Beef cattle: Controlled grazing systems, Feb 32; Sheep and beef field days (News Brief), Feb 46.
Berryfruit: Exporting raspberries fresh, Feb 11, Boysenberry marketing troubles just teething troubles, May 44.
Bloat: New findings on causes, Jan 4; New findings questioned, May 37.
Bobby calves: Raising for profit on small farms, Mar 46.
Books: NZIAS book—Breeding and Reproduction (sheep), (News Brief), Feb 46; McMeekan, a Biography (News Brief), Apr 48; The Whatawhata Way (News Brief), Apr 48; The Duckshooter's Bag (News Brief), May 57.
Boysenberries: Marketing troubles, May 44.
Bread: High speed bread-making (News Brief), May 56.

Campbell, clan reunion (News Brief), May 57.
Chainsaws: Thoughts on selection, Jan 11; Fuel:oil ratios, Jan 12; Maintenance checklist, Jan 14.
Cheese: American imitation no threat, Apr 16.
Cholesterol: Not guilty in coronary disease (News Brief), Jan 35; Nutritional critics of the dairy industry, Apr 43.
Company news: Donald Presses factory (News Brief), Jan 35; Pfizer's new factory (News Brief), Feb 45; Alliance buys Ocean Beach (News Brief), Feb 46; Delta Plastics record sales (News Brief), Feb 46; Pacific Natural Gut String Company success, Mar 49; Noton selling to Scandinavia (News Brief), Mar 50; Pfizer's manufacturing plant at Wiri, Apr 22; Japanese company tests farm bikes here (News Brief), Apr 48; Clegg Bros export wool-filled mattress overlays (News Brief), Apr 49; Same tractor released recently, May 27; Chamberlain John Deere's manufacturing process, May 28; Ford Motor Company's new Series 10 tractors, May 33; Canterbury Dairy Farmers "Big M" sales (News Brief), May 56; Transport North Canterbury on computer (News Brief), May 56.
Computers: Lincoln researchers study recording methods (News Brief), Mar 49; Computerised despatch for rural transport company (News Brief), May 56; MAF's computerised soil testing service, Jun 47.
Controlled grazing systems: Review of aims and progress, Feb 32; Controlled grazing makes wintering easy, May 42.
"Country Calendar", special programme, May 56.
Covered yard-woolshed costs, Apr 8.
Cow lifter: May 14.
Crops: Bird damage being assessed by DSIR (News Brief), Feb 45; Wheat-growing award (News Brief), Apr 49; Wild oat control (News Brief), Apr 49.
Cultivator, Dyna-drive has rotating tines, May 14.

Dairy beef: Comparison of different sires with Friesian cows, Mar 8.
Dairy Board: Deal with Soviets (News Brief), Jan 35; Cheese marketing (News Brief), Jan 35; Butter presentation (News Brief), Mar 49; Computerised milk testing for dairy companies (News Brief), Apr 48; Joint venture for UHT marketing (News Brief), Jun 54.
Dairy cattle diseases: Bloat—new findings on cause, Jan 4.
Dairying: NZ Friesians perform well in Polish trials, Mar 20; High breeding index cows—their worth, Apr 28; Stocking rates key to dairy profits, May 48; Managing a heavily stocked dairy farm, Jun 24; Big business in embryo transplants (News Brief), Jun 54.
Deer: International conference (News Brief), Mar 49.
DFC backs horticulture (News Brief), Jan 35.
Direct drill: New model, the 750 Till-seeder, May 12.
Drainage: Land drainage seminar (News Brief), May 56.
Ducks: Raising techniques, Jun 36.

Economics: A better agricultural policy, Jan 30; Indexed mortgages, Feb 25; Present economy strongly influenced by Dr W. B. Sutch, Mar 35; Nutritional critics of the dairy industry, Apr 43; Sheep and beef farming inflation rate (News Brief), Apr 48; Stock performance on hill country (News Brief), Apr 48; Countervailing power needed in the freezing industry, May 21; Advisory service charge could be counter-productive, Jun 40.
Eggs: New cartons (News Brief), Jun 54.
Electric fencing: Answers to some common questions, Feb 15; Use in controlling vertebrate pests, Feb 18; Value for mob-stocking hill country sheep, Feb 22; Outline of history, Feb 24; New energiser has silicon chip logic, May 8; Multiple wire winder, May 17; Three-in-one reel, May 17; "Walking fence", May 17; Electric fence standard, May 17.
Export: Workshops (New Brief), Feb 46; CER agreements for dairy industry (News Brief), May 57; Mohair marketing pool organised (News Brief), Jun 54; Meatmark reactivated (News Brief), Jun 54.
Extension courses: Massey's extension courses (News Brief), May 56.

Falconry: Falcons for crop protection (News Brief), Jan 35.
Federated Farmers' new building (News Brief), Mar 49.
Feed grains composition (News Brief), Apr 48.
Fertilisers: Sulphur and lime—only warranted where phosphate status is good, Jan 18; Chathams phosphate (News Brief), Jan 36; Pros and cons of rock phosphate, Mar 11; Superphosphate quality problems being overcome, Mar 15; How phosphate behaves in the soil, Mar 16; Scientist defends superphosphate quality story, May 46.
Finance: Tactics for financing small farms, May 50.
Foot and mouth disease: Virus blown in (News Brief), Jun 55.
Forestry: Research (News Brief), Jan 35.
Forklift, tractor-mounted, May 9.
Friesians: NZ Friesians perform well in Polish trials, Mar 20.
Frost: Damage overcome by wind machine, May 10.
Fruit-growing course (News Brief), Apr 49.
Fruit-packing and grading: Computerised machine, May 12; Kiwifruit packing conveyor, May 16.
Fuel: Rapeseed oil as alternative to diesel, Feb 7.
Fur industry: Gaining momentum (News Briefs), Jan 35.

Goats: Lack of knowledge of parasite problems, Apr 24.

Haymaking: Twine wrapping automated for big round bales, May 11.
Herbs: Basis of new industry in Canterbury, Jan 20.
Homesteads: Home made from two unwanted railway houses, Mar 22; Factors involved in homestead planning, Mar 25; Some useful ideas, Mar 28.
Honey dew: An export item produced from the bush, Jun 28.
Horticulture: Fresh exporting of raspberries, Feb 11; MAF's Hawke's Bay Research Station (News Brief), Feb 45; MAF seminars (News Brief), Feb 46; Asparagus seedlings in root trainers, Mar 30; Statistics 81 and shows in both islands (News Briefs), Mar 50; Miniature pot plants—export possibility, Apr 19.

Industrial Fieldays: (News Brief), Apr 48.
Insurance problems, seminar, May 41.
Irrigation: Conference at Rangiora (News Brief), Feb 46; Speakers for conference (News Brief), Mar 49; Frost protection with irrigation (News Brief), Jun 55.

Kiwifruit: Only seven export licences (News Brief), Jan 36; London conference (News Brief), Mar 49; Kiwifruit production in China, Apr 18; Don't export plants (News Brief), Apr 48; Kiwifruit packing conveyor, May 16.

Labour: Dept of Labour policy and work permits for overseas people, Jan 6.
Lambs: Kill down, so far, (News Brief), Feb 45; Warming pad device, May 12.
Land clearing: A Northland case study, Apr 31; Costs, Apr 33; Mechanical lifter for broom and gorse, Apr 34; In the Chatham Islands, Apr 35.
Land, The: The inequities of 1982, Jan 23; Human habit and motivation dictate success, Feb 26; Urbanisation and too much welfare destroys initiative, Mar 37; A segregated New Zealand, Apr 38; Telling dairy and beef farmers apart, May 40; Call yourself a peasant, Jun 43.
Lawns: Turf laying (News Brief), Jan 36.
Lincoln College: Farm budget manual updated (News Brief), Jun 54.
Loading ramp for stock, May 12.

Machinery: Paris exhibition (News Brief), Jan 36; Surface cultivator—the "Dyna-Drive", Mar 33; Mechanical lifter for broom and gorse, Apr 34; Shearing table, May 3; Remote control crane for lifting bee hives, Jun 29.
Magnesium duster, electric, May 8.
Milk: "Big M" popular in South Island (News Brief), May 56.
Miniature pot plants—export possibility, Apr 19.
Mohair: Mohair marketing gets organised (News Brief), Jun 54.
Motorbikes: Guide to motorbike selection, Jun 15; Maintenance techniques for farm bikes, Jun 15; Safety hints for farm bikes, Jun 16; Instructions to build your own motorbike trailer, Jun 20.
Mower, pulverises prunings, May 9; An orchard special, May 12.

News Briefs: Jan 35; Feb 45; Mar 49; Apr 48; May 48; Jun 54.
Nuts: Walnut growing—establishment costs, Jun 33; Market prospects for would-be walnut growers, Jun 35.

Parasites: Lincoln College workshops (News Brief), Mar 49; How to avoid anthelmintic resistance, Apr 20; Resistance not yet serious in NZ, Apr 20; Researchers recommend new preventive drenching programme, Apr 24; Lack of knowledge of goat parasite problems, Apr 24; Workshop to answer control questions, May 18.
Peaches: Reduced production of Golden Queens (News Brief), Mar 49.
Peat: Resin and wax extracted (News Brief), Mar 49.
People: European approach to problems of rural living, Feb 36; Success for Scotland's craft industry, Mar 42; Rural leadership, Apr 41; Drought—more than a physical battle, May 52; Need for another Agrow campaign, Jun 50.
Pigs: Recording computerised (News Brief), Feb 45; Imports of subsidised pork unfair (News Brief), Feb 46; Electric creep-heating pad, Apr 15.
Ploughing record: (News Brief), Jun 55.
Plywood trusses for woolsheds, Apr 7.
Politics: Post-election bloodletting, Jan 7; An assessment of SMPs, Feb 34; Rationalising Government agencies, Mar 40; Turbulent session coming up, Apr 37; Moyle predicts bankruptcy, May 34; MAF's information dissemination, Jun 48.
Porina: How to assess need for chemical control, Feb 28.

Rabbits: Control poison under test (News Brief), Mar 49; Rabbit pies now marketed (News Brief), May 56.
Rape: Rapeseed oil as alternative to diesel, Feb 7; Why only successful in south? Feb 8.
Raspberries: Exporting them fresh, Feb 11.
Rock phosphate: The pros and cons, Mar 11.
Romney breeders' improvement programme, Apr 3.
Root canker: Biological control for fruit and forest trees (News Brief), Feb 46.
Ruakura: Conference programme, May 6.
Rural leadership course (News Brief), Mar 50; Rural planning seminars (News Brief), May 56.

Separator for house cow (Letter), Apr 42.
Shearing: Award-winning machine is no gimmick, May 3; Advanced shearing courses (News Brief), May 56.
Sheep: Management in weaning to tupping period, Jan 28; Research into teeth problems, Feb 2; Brace for teeth, Feb 3; Teeth wear and defects research, Feb 4; Electric fencing for mob-stocking hill country sheep, Feb 22; Feed management for flushing, Feb 30; Controlled grazing systems, Feb 32; Lamb kill down (News Brief), Feb 45; NZIAS book—Breeding and Reproduction (News Brief), Feb 46; Sheep and beef field days (News Brief), Feb 46; The value of feral breeds, Mar 3; Feral breeds in Britain, Mar 4; Romney breeders improvement programme, Apr 3; Semi-automatic shearing machine, May 3; Is it worth drenching adults? May 18.
Sheeplan: Breeding values explained, Jan 25; How to select rams, Jan 27.
Shoes: For horses and cattle, May 11.
Smallfarms: English enterprise described, Jan 31; Tractors for smallfarmers, Jan 33; Planners reply to criticism of Oroua County Survey, Feb 39; Raising bobby calves for profit, Mar 46; Separator for house cow (Letter), Apr 42; Hand-milking the house cow, Apr 46; Authors of Oroua County Survey (Letters), Apr 46; Finance and tax tactics, May 50; Smallfarmers' Conference, May 51; Duck raising techniques, Jun 36.
Soil: Revitaliser for waterlogged soils, May 15.
Soil testing: MAF's new computerised service, Jun 47.
Solar pump (Letter), Apr 42.
Spraying: Microlight aircraft sprayer, May 15.
Stripe rust: Controls recommended, May 22.
Sulphur and lime: Only warranted where phosphate status is good, Jan 18.

Taxes: Land ownership period extension (News Brief), Apr 48; Tax tactics for smallfarmers, May 50.
Tractors: For smallfarmers, Jan 33; Stability is main claim for Same's Centurion, May 27; Oat husks key to manufacture, May 28; How to win a tractor pulling competition, May 31; Ford's Series 10 is full of refinements, May 33.
Trade: Mission to South America (News Brief), Mar 50; Competing for Iran's meat trade (News Brief), May 56.
Travel: Travel club programme (News Brief), Mar 49; Rex Austin's ideas on travel opportunities for farmers, Jun 4; Farming tours have a lot to offer, Jun 7; Travel options off the beaten track, Jun 11; Rex Austin travels overseas (News Brief), Jun 54.
Tree crops: Annual conference of Association (News Brief), Feb 46; Australasian conference (News Brief), Apr 49; Correspondence course on tree crops (News Brief), May 57; Plant a tree in '83 slogan (News Brief), May 57; Establishment costs for walnut farming, Jun 33; Marketing prospects for would-be walnut growers, Jun 34.
Truck hoist is battery driven, May 14.
Tupping, ram harness aid, May 11.

Walnuts: Costs of establishing a walnut grove, June 33; Prospects for would-be walnut growers to consider, Jun 35.
Warrant of Fitness duplicates (News Brief), Mar 49.
Water: Rubber pillows for storage (Letter), Apr 42; In New Zealand's future (News Brief), Apr 48.
Wheat: Stripe rust controls, May 22; New spring cultivar (Tiritea), May 23.
Wind generator: Equipment award entrant, May 8.
Winston Churchill Memorial Trust (News Brief), Apr 49.
Wintering: Now the easiest part of farming, May 42.
Wool: Its good properties, Jan 3; World stocks low (News Brief), Jan 36; Inks for woolpack branding, Feb 45; Wool Board studies shipping (News Brief), Mar 49; Stained belly wool downgrades (News Brief), Mar 49; Seminar on fine wools (News Brief), May 56; Use of worsted wools by WRONZ (News Brief), May 57; Wool Info '82 (News Brief), Jun 54.
Woolsheds: Ideas to improve workability, Apr 6; Plywood trusses, Apr 7; Woolshed-covered yard costs, Apr 8; Ideas on increasing use and cutting costs, Apr 11.
